## Event Goal:

The purpose of the Student Quality Showcase Event is to bring together SEPT faculty, staff, students, and the American Society of Quality (ASQ) Hamilton Section to learn how quality tools, ideas and expertise can be used to positively impact enterprises. The event provides a platform for selected Bachelor of Technology students to present their Design of Experiments (DOE) project and to compete for monetary awards graciously donated by the ASQ Hamilton Section. The event is also an opportunity for students to meet with quality professionals from a variety of industries in the Hamilton area. Members from the ASQ Hamilton Section will be judging.

## Message from the Chair,

Dear Friends,

Please note that we have a new website. For current information, please visit our new website: <https://my.asq.org/communities/events/210>

I would like to remind you the main purpose of the section leadership is to provide member value.

You do have a voice and we welcome your feedback on events.

November 20th section event is the last event for this year.

By attending section event, you can gain .5 RU credit for your next recertification.

Have a great day and looking forward to see you all at our section event.

Sincerely,

BV Alexander
